To Whom it May Concern:

Barnhardt Manufacturing Company (BMC), is providing this cover letter in response to the United States Environmental Protection Agency's (USEPA) May 2013, 2020 "Request for Information Pursuant to Section 308 of the Clean Water Act and Section 114(a)(1) of the Clean Air Act, EPA Docket No. CWA-308-R01-FY20-60."

USEPA's records indicate that BMC was not in compliance with the following reporting requirements under National Pollutant Discharge Elimination System (NPDES) Permit No. MA0003697 Parts I. B and I.C.:

- The December 2018 Discharge Monitoring Report (DMR) did not include the Nitrogen Removal Optimization Annual Report for 2018, due on January 15, 2019; and
- The December 2018 DMR did not include the Compliance Schedule Annual Report for 2018 due on January 15, 2019, nor was it submitted to the NPDES Applications Coordinator.

BMC has amended and submitted a revised December 2018 DMR to include the 2018 Nitrogen Removal Optimization report and 2018 Annual Compliance Report. A separate copy of the revised December 2018 DMR, the 2018 Nitrogen Removal Optimization Report and the 2018 Annual Compliance Report have been Submitted electronically (RINPDES.Notices.OEP@epa.gov) to the EPA/OEP NPDES Applications Coordinator in the EPA Office Ecosystem Protection (OEP) in accordance with I.C.3 of the NPDES Permit
